Important Notes

It is essential that you read the information above and on the previous page as it represents a record of your answers to our questions. You must advise Tesco Insurance immediately if any of the information is incorrect or is missing - failure to do so may affect whether you can make a claim or invalidate your policy altogether. You must also let Tesco Insurance know immediately if any of the information above or on the previous page changes during the term of your policy. You will be advised of any change to your premium or the terms we require. This document should be stored securely and read in conjunction with your Policy Booklet, Policy Schedule and Certificate of Motor Insurance. These words have a particular meaning: "us", "our" and "we" mean Tesco Underwriting.

False statements, misrepresentation or withholding information

Making a false statement or misrepresenting or withholding information from the administrator could result in your contract of insurance being voided (as if the policy never existed), all claims under your policy being refused and all premiums that you have paid being retained. It is your responsibility to ensure that all the information that has been given by you, or that has been given on your behalf, is true and complete. If there are any errors on your Statement of Fact, Schedule or Certificate of Motor Insurance or the information is not correct your policy may be voided.

Please contact our Customer Services Line immediately if you are in any doubt that your policy details are not correct to ensure you, and any other driver covered by your policy, continue to have the full protection of your policy.

Insurance Registers and Databases

We may exchange information with the Police where this is needed to validate a claim.

We may share information which we hold and which has been supplied to us in connection with any application for insurance that you have made or any insurance policy which you have with us (including the renewal of any policy which you have with us) with the Claims and Underwriting Exchange register, run by the Insurance Database Service Limited (IDS Ltd) and other similar databases or fraud prevention agencies established for the same purpose.

The aim is to help us check information that is given to us and to prevent or detect crime, including fraud.

When we process your request for insurance cover, the terms on which cover may be offered, process claims and maintain your policy during the Period of insurance, we may search these registers.

If you give inaccurate details or fraud is suspected or identified this may be shared with fraud prevention agencies, and may also be used by other organisations to make decisions about you and others in your household on credit, insurance (including claims), debt tracing, and to prevent crime. If such companies suspect fraud, we will share your relevant personal information with them. This information could be accessed and used by law enforcement agencies.

Under the conditions of your policy, you must tell us about any incident (such as an accident or theft), whether or not you think it is likely to give rise to a claim.

When you tell us about an incident, we will pass information relating to that incident to these registers.

Information relating to your insurance policy will be added to the Motor Insurance Database (MID) managed by the Motor Insurers' Bureau (MIB). The MID and the data stored on it may be used by certain statutory and/or authorised bodies including the Police, the DVLA, the DVANI, the Insurance Fraud Bureau and other bodies permitted by law for purposes not limited to but including: I. Electronic Licensing II. Continuous Insurance Enforcement, III. Law enforcement (prevention, detection, apprehension and or prosecution of offenders), IV. The provision of government services and or other services aimed at reducing the level and incidence of uninsured driving. If you are involved in a road traffic accident (either in the UK, the EEA or certain other territories), the insurers and/or the MIB may search the MID to obtain relevant information. Persons (including his or her appointed representatives) pursuing a claim in respect of a road traffic accident (including citizens of other countries) may also obtain relevant information which is held on the MID. It is vital that the MID holds your correct registration number. If it is incorrectly shown on the MID you are at risk of having your vehicle seized by the Police. You can find out more about the MID at www.mib.org.uk and you can check that your correct registration number details are shown on the MID at www.askmid.com

Credit Searches and use of Third Party Information

In assessing your application/renewal, to prevent fraud, check your identity and to maintain its policy records, the insurer may:

- Search files made available to it by credit reference agencies who may keep a record of that search. The insurer may also pass to credit reference agencies information it holds about you and your payment record. The information will be used by other credit lenders for making credit decisions about you and the people with whom you are financially associated for fraud prevention, money laundering prevention and for tracing debtors.
- Use information relating to you and your vehicle supplied to us by other third parties.

USE REQUIRED - Your selection is shown in Section 4

Please ensure you choose the correct option. If you need further help please ask.
