Mrs Thomas
Mapletree Cottage
Pebmarsh
Halstead
CO9 2NA

09 January 2026

Dear Mrs Thomas,

Policyholder: Mrs H Thomas

Insurance claim for: Subsidence, 29/09/2025

Mapletree Cottage, Kings Mead, Pebmarsh, Halstead, CO9 2NA, United Kingdom

We write in regard to your Subsidence claim.

Site investigations have been instructed to be carried out at your property. Drainwork Solutions have been appointed, and they will contact you directly to liaise a convenient date for them to attend.

These investigations will allow us to assess the condition of the drainage system, the depth and construction of the foundations, and the nature and condition of the subsoil beneath the property. Relevant samples will be collected and submitted to a laboratory for testing.

Once the factual site investigation report and test results are received, we will carry out a full analysis. This will enable us to confirm whether the damage has been caused by Subsidence, determine whether Liability is to be accepted by the Insurer, and advise on the next steps in the progression of your claim.

You will receive a further detailed update once the investigation results are available and the claim direction has been determined.

Monitoring has also been instructed at the risk address to track any trending movements and once mitigation measures are established and completed, to evidence when stability of the property occurs.

In the meantime, if you have any questions or require additional information, please do not hesitate to contact us.

Yours sincerely

Kim Salter Cert CILA
