26 August 2026

Dear Mr Thomas

Objective I.T. Ltd Executive Pension Plan

Thank you for your email of 18 August 2026. We enclose a transfer value illustration as requested. The "total net transfer value" shown on the illustration is the cash equivalent transfer value.

You are currently invested in our long-term with profits fund. The long term with profits fund offers a non-guaranteed final bonus which may go up or down depending on fund performance. The transfer value on the enclosed illustration includes the amount of final bonus that would have applied at the date of the illustration. The fund value does not include this bonus. Please see the second page of the transfer value illustration for further information about the final bonus.

We're here to help

If you've got any questions or if there's anything we can do to help, please get in touch. Please have the policy number to hand when you contact us.

Post: Write to us at Prudential Customer Services, Lancing, BN15 8GB

Phone: 0370 060 0445 (+ 44 178 644 8844 if phoning from abroad). Our lines are open between 9am and 5pm, Monday to Friday.

Email: EPP2-4@Prudential.co.uk

If you have hearing or speech difficulties you can contact us using Relay UK or SignVideo. For more information please visit pru.co.uk/signrelay

Yours faithfully

Lee Bullen

IMPORTANT INFORMATION

The value provided on this statement is for illustrative purposes and is not guaranteed. It's based on the policy's value at the statement date and may fall or rise. The amount you'll get back will be determined when we receive all of the relevant paperwork at our administration office. If we receive your instruction by midday on a working day, we'll process it at the price determined later that day; if we receive it after midday, it'll be processed at the price determined the next working day. Our working days are Monday to Friday - if we receive your instruction on a Saturday, Sunday or on a day the London Stock Exchange (LSE) is closed, it will be dealt with as if it were received before midday on the next working day.

Prudential reviews bonus rates on the With Profits Fund at least once every year. At the time bonuses are reviewed, there is usually a change in the overall value of your With Profits account and values can fall as well as rise at such times, possibly by a significant amount.

Your With-Profits investment may include a Final Bonus. If this Final Bonus does apply at this time to your policy, the relevant Transfer Value shown in this Illustration will be higher than the Current Fund Value being illustrated.

Any Final Bonus is not guaranteed, and the amount of any such bonus due may vary.

Past performance is not necessarily a guide to the future and the rates of future bonus cannot be guaranteed. Final Bonus can be reduced or removed retrospectively. If money invested in the With Profits Fund is taken out at any time except at maturity or death, the amount payable may be reduced to reflect the market value of the underlying assets at that time. This is known as a Market Value Reduction (MVR).
