Dear Rupert,

Failed Electoral Registration Application

We have written to you previously to request additional information to enable us to process your application to be added to the electoral register.

As we have not received the necessary evidence, your application will now be rejected.

It is a legal requirement for eligible residents to be included on the register of electors, although you are not required to vote. Your credit reference report will also be affected if you do not register.

To be added to the electoral register you will need to reapply.
You can do this at www.gov.uk/register-to-vote or by contacting us for a new application form.
It is now a requirement to provide your national insurance number and date of birth to register.

Yours sincerely,

Arthur Charvonia
Electoral Registration Officer
